

10 August 2005

Dear Madam/Sir,

I kindly invite you to the Interreg III B CADSES Information Seminar which will be held on 13 September 2004 in Warsaw. The event is organized by the Polish Contact Point in co-operation with the Joint Technical Secretariat of the programme.

INTERREG III B enables co-operation of partners from 18 countries of Central, Adriatic, Danubian and South-East Europe. Projects co-financed by the programme should have links to spatial development issues and they may concern – among other things – development strategies, transport issues, cultural and natural heritage, natural disasters prevention or social aspects of territorial integration. The CADSES programme is co-financed by the European Regional Development Fund and participation of the non-EU states in this call will be for the first time supported by PHARE, CARDS and TACIS.

The Seminar in Warsaw is addressed both to already experienced partners and for those making first steps in transnational co-operation. Even though the meeting has been designed as Polish national info day, participation of partners from other countries is also welcome. Simultaneous translation into English will help to communicate.

Organizational details and a draft agenda of the meeting can be found in the attachments.

We look forward to meeting you in Warsaw,

Yours faithfully,

Iwona Brol  
Deputy Director
